Medova Healthcare

Our Company In Brief

Founded in 1999, Medova Healthcare Financial Group is a healthcare management, Managing General Agency (MGA) and Third Party Administration (TPA) organization based in Wichita, KS.

Our Services:

- Benefit Design & Management
- Benefit Administration & Claim Processing
- Premium Billing and Consolidation
- Wellness & Population Health Management Services
- Benefit Consulting & Compliance
- General Agency / TPA Services

Our Experience

Over the years, Medova Healthcare has evolved from a firm focused exclusively on physician services & practice management to a full service TPA and MGA organization specializing in the design and management of healthcare benefit solutions for Employers, Professional Employer Organizations (PEOs), Associations, HR Service Companies, and Employer Purchasing Collations.

Combined, our executive leadership team has over 100+ years of professional experience in healthcare delivery, risk management and corporate group health benefits. This background and experience, coupled with our roots in healthcare provider-based services, provides us with a unique vantage point on the delivery & management of healthcare resources.

In the past 3 years, we have experienced 30-40% growth within our Corporate Health Division, due largely to our unique ACA-compliant, wellness inspired benefit program that serves to address the root causes of our escalating healthcare costs.

Our Core Products:

- Lifestyle Health Plans - Level Funded Group Major Medical Plans
- Lifestyle HealthyEssentials Plans - Group Minimum Essential Coverage Products
- Lifestyle Dental Plans
- Lifestyle Vision Plans
- Worksite and Group Life - Master Benefit Programs

Benefit Programs

In 2006, we launched our proprietary Lifestyle Health Plans group medical benefits platform, designed to provide corporate clients as well as affinity partners with a turnkey health benefit and wellness benefit program that addressed the root causes of our escalating healthcare costs – employee health behaviors.

To accomplish this, we partnered with several “A” rated carriers to offer a group-specific benefits solution that provides health benefit coverage, a behavioral based wellness and health improvement program, and wellness incentives to promote and reward employee involvement - all in a single benefit program. Based upon employer size,

we can offer an ACA-compliant, Level Funded health benefit program that maximizes the benefits to employees, while implementing cost saving opportunities for employers to stabilize benefit costs without reducing benefits.

In 2014, we added to our benefit offering by adding our Lifestyle

Dental and Vision products, specifically designed to compliment our wellness-inspired group health benefits program. Under the turnkey administration of Medova Healthcare, sponsoring employers now have the option to offer medical, dental and vision benefits in one package - simplifying the benefit process across the board.

TPA Services

As a licensed Third Party Administrator (TPA), we are currently operating in many states throughout the country and are constantly growing our service area based upon our growing partnerships. We are proud of the reinsurance carrier partnerships that we have developed which are

integral to our innovative, cost-effective health benefit solutions. Our integrated TPA services include Level Funded Plan Administration, Minimum Essential Coverage Plan Administration, Health Reimbursement 105 Accounts and Self-Funded Account Administration.
